FIRST-AID & MEDICAL FIELD KIT

WHERE QUALITY LEADS THE WAY

WHO WE ARE

ACCOUNTABLE END TO END.

ALIT TACTIC is the defense and security division of ALIT Group Limited, Hong Kong. We supply specialized equipment to military, law-enforcement and security agencies, and we control every stage between the requirement and the delivery.

Agencies rarely buy one item. They equip people, and every gap between suppliers becomes a gap in the field. We cover that ground as one supplier, from base layers and uniforms to load carriage, protection and field medical equipment, backed by our own sourcing, product-development and production teams.

Our R&D department is led by former military commanders and field specialists, who turn operational experience into specifications and test every product before release. Products are in service in military and civil applications and have been exported to more than twenty countries and regions.

HOW TO ORDER

FROM BRIEF TO HANDOVER.

Send a list, a tender reference or just a headcount and a climate. We come back with a proposal covering specification, samples, pricing and delivery.

01

TELL US THE REQUIREMENT

Unit size, user profile, climate, kit contents, colours and any labelling or packing needs.

02

RECEIVE A PROPOSAL

Specification, samples, pricing and delivery schedule, quoting the product references from this catalogue.

03

APPROVE AND DELIVER

Sample sign-off, production with documented inspection, export packing, shipment and handover.

CUSTOM

CONTENTS & COLOURS

Kit contents, pouch colours and camouflage patterns can be adapted to your program.

PARTNER

DISTRIBUTORS

Exclusive product lines, specification and tender support, and marketing material for regional partners.

SYSTEM

ONE SUPPLIER

Add uniforms, load carriage, protection and field equipment to the same order and delivery.

ALIT TACTIC

TELL US WHAT THE UNIT NEEDS.
